

NOTICE OF AVAILABILITY

SAN PASQUAL NEW ROW PROJECT ENVIRONMENTAL ASSESSMENT AND FONSI

Notice is hereby given that the Bureau of Indian Affairs (BIA), Southern California Agency, has reviewed an Environmental Evaluation (EE) of the San Pasqual Band of Diegueno Mission Indians New Right-Of-Way (ROW) Project (Project) proposed to occur at 26828 Muckenuway Lane, within the San Pasqual Reservation, Tribal Tract 5011.

The BIA's approval of the Project would allow the proposed ROW to install, own, operate, maintain, repair, replace, and remove communication facilities and overhead appurtenances used solely and exclusively for SDG&E's internal communications. The easement area includes P212409 and a single span service to a new home, with a width of 12 feet and length of approximately 49 feet. SDG&E prepared an EE in support of federal requirements of the National Environmental Policy Act (NEPA), 42 United States Code §4321 *et seq.*) and the BIA NEPA Guidebook 59 IAM 3-H. The EE assesses the environmental effects that may result from the Project.

Based on the analysis and impacts detailed in the EE, any input received during this public review period, and the entire administrative record, the BIA will decide whether to reach a Finding of No Significance Impact (FONSI), direct further work on the EE, or initiate the preparation of an Environmental Impact Statement.

The public review period of the EE will be open for seven (7) calendar days, beginning on December 8, 2023, and end on December 14, 2023. A draft, unsigned FONSI has been prepared and is available for review along with the EE. The public review will begin on

The EE and FONSI are available for public review at one (1) physical location and two (2) virtual location:

1. San Pasqual Tribal Office, 16400 Kumeyaay Way, Valley Center, CA 92082
2. San Pasqual Indian website: <https://www.sanpasqualbandofmissionindians.org/>
3. BIA NEPA Tracking System website: <https://bianepatracker2.doi.gov>
(Search: NEPA Tracker ID#56406)

The FONSI is a finding on environmental effects, not a decision to proceed, therefore it cannot be appealed. 25 CFR 2.7 requires a 30-day appeal period after the decision to proceed with the action is made before the action may be implemented. Appeal information will be made publicly available when the decision to proceed is made.

For more information, please contact John Lin, Environmental Protection Specialist, BIA, Southern California Agency, 1451 Research Park Drive, Riverside, CA 92507, telephone

(951)877-1045. Written comments should be mailed to Javin Moore, Superintendent, Bureau of Indian Affairs, Southern California Agency, 1451 Research Park Drive, Riverside, CA 92507.
